

**UB discharges that are REQUIRED to be submitted
to the Tennessee Department of Health (TDH):**

- All **inpatient** discharges except SNF discharges. This includes any psychiatric or rehab unit discharges from within the acute care facility. It should also be noted that there should be a separate mother and baby bill if the discharge is related to a birth. Inpatient records generally have bill types 011X, 041X, or in some rare cases bill type 084X.
- All **ambulatory surgery**. This is provided in a separate document. Please contact Larissa Lee at llee@tha.com for more information.

Outpatient records generally have bill types 013X, 043X, 083X, or 085X.

- All **emergency room** discharges defined as any discharge with at least one revenue code 0450-0459 in ANY of the revenue code fields. Emergency room discharges may have an inpatient or an outpatient bill type.
- All **observation** discharges defined as any discharge with at least one revenue code 0760, 0762, or 0769 in ANY of the revenue code fields. Observation discharges may have an inpatient or an outpatient bill type.
- **Selected diagnostic services**. In January 2005, discharges for the selected diagnostic services listed below were also required. These diagnostic services may be provided on a discharge for any of the inpatient or outpatient bill types indicated above OR these services may be provided on a discharge with bill type 012X or 07XX. (Bill type 014X is no longer required for this service since bill type 014X is now used only to bill laboratory services provided to non-patients.)

Note: Discharges with bill types 012X and 07XX should be submitted **ONLY IF** there are one or more of the diagnostic services listed below on the record.

- Lithotripsy: Bill type = inpatient or outpatient discharge and revenue code = 079X in ANY revenue code field.
- PET Scans: Bill type = inpatient or outpatient discharge and revenue code = 0404 in ANY revenue code field.
- MRIs and MRAs: Bill type = inpatient or outpatient discharge and revenue code = 061X in ANY revenue code field.
- Megavoltage radiation therapy: Bill type = inpatient or outpatient discharge and revenue code = 0333 in ANY revenue code field.
- CT Scans: Bill type = inpatient or outpatient discharge and revenue code 035X in ANY revenue code field.
