User Group Meeting Schedules

HEALTH
INFORMATION
NETWORK

Purpose of THA HIN User Group Meetings

- Provide opportunity for education for our THA HIN members
- Provide open forum for questions, conversation, feedback

Save the Dates!

We will hold quarterly user group webinars for 2022 data submissions

Quarter / Discharge Data Due Date	User Group Webinar
Q1-2022 / May 30, 2022	May 12, 2022
Q2-2022 / August 29, 2022	August 11, 2022
Q3-2022 / November 29, 2022	November 3, 2022
Q4-2022 / March 1, 2023	February 16, 2023

3

THA Health Information Network (THA HIN)

HEALTH
INFORMATION
NETWORK

The THA HIN was formed in 1999 by the Tennessee Hospital Association to assist member hospitals in meeting the state mandated hospital discharge data reporting requirements.

State Law / Rules and Regulations

- TCA 68-1-108 is the enabling legislation that requires all acute care and psychiatric hospitals licensed in the state of Tennessee to report inpatient and outpatient UB discharge data to the Tennessee Department of Health
 - Chapter 1200-7-3 are the rules and regulations associated with the law

4

THA Data Programs / Services

HEALTH
INFORMATION
NETWORK

- **Hospital Discharge Data**
 - Market IQ
 - Non-Resident Data Program
 - DATABANK
 - ConnecTN – THAs Admission Discharge Transfer (ADT) data program
 - Kentucky Hospital Association (KHA) Data Exchange

5

Involvement and Data Flow

HEALTH
INFORMATION
NETWORK

Parties Involved in Hospital Discharge Data Reporting

- Tennessee Department of Health, Office of Health Statistics, Hospital Discharge Data System (HDDS)
- THA Health Information Network (HIN)
- Hospital Industry Data Institute (HIDI)
- Tennessee Hospitals
 - There are currently 152 HIN member hospitals reporting data directly to THA HIN
(This includes acute care, psych and some rehab)

6

Types of Discharges Required to be Reported

HEALTH
INFORMATION
NETWORK

Hospital inpatient and outpatient data are to be reported to the THA HIN on a quarterly basis.

- **Inpatient:** Defined by bill type
- **Outpatient:** We ask that all outpatient data be submitted. The HIDINet system will sort and group your data into the appropriate categories.
- **Categories**
 - Ambulatory Surgery
 - Emergency Department
 - Observation
 - Select Diagnostic Services (Lithotripsy, PET, CT, MRI/MRA, Megavoltage)

Refer to the HDDS manual for all information including data definition and file layout requirements.

Find the manual on THA-HIN.com

THA HIN Data Submission System and Review

HEALTH
INFORMATION
NETWORK

Data Submissions

- HIDINet
 - Upload quarterly discharge data in UB-04 format
 - Review processing reports generated from data submitted
 - Correct errors in data, as needed
 - Or data resubmissions

Data Review

- Penalty from TDH for failure to report and/or for failure to correct errors
 - Fatal Error Rate:
 - No more than 2% on inpatient data
 - No more than 2% on outpatient data
- Reasonable and Consistent Data
 - THA HIN reviews data to ensure it is reasonable and consistent over time.
 - Inpatient and Outpatient volume, charges, distribution by payer, record types, other data points

8

Contacts and Forms

HEALTH
INFORMATION
NETWORK

- Notifications of changes in a facility
 - Policy Contact required by the Department of Health
 - Technical Contact
 - EHR Vendor or programming changes
 - Annual form from the Department of Health
- Extension Request Forms
 - Required before the Quarterly Submission Deadline

Please reach out to me for any of these changes or needs.

9

HIDINet V3 Demonstration

HEALTH
INFORMATION
NETWORK

- Site Users
 - Contact us to gain access
 - Multi-Factor Authentication – phone required
 - Copied on emails from the system when data is uploaded or when it has failed
 - Various reasons for access
 - Currently no limit
